

STATE OF CONNECTICUT

OFFICE OF POLICY AND MANAGEMENT INTERGOVERNMENTAL POLICY DIVISION

June 9, 2008

Members of the Continuing Legislative Committee on
State Planning and Development:

The Honorable Eric D. Coleman
The Honorable Art Feltman
The Honorable Jonathan A. Harris
The Honorable Leonard Fasano
The Honorable Craig A. Miner
The Honorable Joseph J. Crisco, Jr.
The Honorable Antonio (Tony) Guerrera
The Honorable Jack Malone
The Honorable Richard Roy

Dear Senators and Representatives:

In accordance with Section 16a-32(b) of the Connecticut General Statutes and Section 16a-32-5 of the Regulations of Connecticut State Agencies, the Office of Policy and Management (OPM) hereby submits its Findings and Recommendations on the Norwichtown Development, LLC application for an interim change to the *Conservation and Development Policies Plan for Connecticut, 2005-2010 (C&D Plan)*.

Under State statutes, the Continuing Committee has thirty (30) days from receipt of OPM's recommendation to act on the proposed interim change application. My staff and I are available to meet with you at your convenience during this period, if you should have any questions.

Sincerely,

W. David LeVasseur, Undersecretary
Intergovernmental Policy Division

Cc: Senator Edith Prague, 19th Senate District
Bill Hogan, DEP
Peter Davis, Director of Planning & Neighborhood Services
Alan Bergren, City Manager
Benjamin P. Lathrop, Mayor

James Butler, Southeastern Connecticut Council of Governments

Findings and Recommendations

Norwichtown Development, LLC.

Request for an Interim Change to the Locational Guide Map Conservation and Development Policies Plan for Connecticut, 2005-2010

In accordance with Section 16a-32(b) of the Connecticut General Statutes and Sections 16a-32-1-6 of the Regulations of Connecticut State Agencies, Norwichtown Development, LLC requests an interim change to the Locational Guide Map of the State's Conservation and Development Policies Plan (C&D Plan).

Norwichtown Development LLC., requests that the C&D Plan designation for a 59.9-acre parcel bounded by Scotland Road on the East, and Hansen Road to the West, be changed from "Rural" to "Neighborhood Conservation" (see attached maps). In accordance with state regulations, the City of Norwich was afforded the opportunity to request a joint public hearing with OPM and the Continuing Committee regarding this application. The City opted to waive its right to a public hearing.

Background

The request is a result of Norwichtown Development's desire to develop an "Active Adult Community" on the subject property. The easterly third of the property, adjacent to Scotland Road is subject to a recorded conservation easement and is not part of the requested change in designation. The current zoning designation is R-80, which according to the City's zoning regulations requires an 80,000 square foot minimum lot size (approximately 1.8 acres) or 0.5 units per acre. The applicant has indicated that under Special Regulations the property would be eligible for development of a greater density if its use were restricted to an "Active Adult Community." The Density Standards for an Active Adult Community would allow up to 8 units per acre.

The applicant asserts that in order to facilitate this development it is necessary to extend public water and sewer to this parcel. The current Rural Lands designation would prohibit the use of state funds supporting the introduction of such infrastructure to this area. Thus, the applicant is requesting a change to a Neighborhood Conservation designation whereby the extension of infrastructure would be consistent with the C&D plan.

Recommendation

OPM recommends that the Continuing Committee **not approve** Norwichtown Development's request to change the sites' C&D designation from "Rural" to "Neighborhood Conservation." In order to provide this site with access to public water and sewer, it would require the extension of public water and sewer approximately 5,000 feet. Nearly 2,500 feet of this would go through areas designated as Rural and Conservation areas, which are not addressed in this application, before reaching the subject property. OPM's concern is that such an extension would facilitate further intensive development in these areas that are not subject to a change under this

application. In doing so, the potential exists for further requests for changes to the C&D Plan's Locational Guidemap requiring the action of OPM and the Continuing Committee.

In addition to potential impacts on other areas, OPM questions the necessity for the change at this time. The applicant indicates that the City's zoning regulations require that Active Adult Communities be connected to public water and sewer. However, Section 7.6.4(h) of the Norwich zoning ordinance states:

"Sanitary Requirements. All such buildings shall be connected to public water and sanitary sewerage systems, or private sewerage systems which meet the requirements of local and state department of health."

OPM is not aware if the applicant has investigated the potential of on-site alternatives for water and sewer in this area such as a community septic system or alternative treatment technologies. The use of such technologies, when constructed properly, can provide for the type of development density the applicant seeks. Such alternatives could negate the need to extend public utilities to the subject parcel, yet still accommodate cluster type or "Conservation Development" techniques that are supported in the C&D Plan for Rural Lands.

The City of Norwich has waived its right to a public hearing with regard to this application. As a result, OPM must make this recommendation based solely on the information presented by the applicant. OPM is not aware of any previous approvals issued at the local level, including a willingness or capacity to service this area with public water and sewer. Further OPM is not aware of any measures that may be in place to limit development densities that may be achieved in the additional areas not subject to this application, through the introduction of this infrastructure. Similarly, OPM is not aware of any provisions for open space preservation or "Conservation Development" techniques that may be planned on site. The City's plan of conservation development does encourage development of elderly housing yet also encourages the maintenance of low-density development within this particular area (known as the "Plain Hill" area). Additionally, the plan suggests that subdivision design should be done in accordance with the natural carrying capacity of the land, which is consistent with the current designation of Rural Lands.

In light of these issues, OPM recommends that this area remain designated as Rural Lands. There are significant areas in Norwich designated for growth where the use of state funding for infrastructure and development of this nature would be more appropriate. Neighborhood Conservation areas are typically already developed, dense residential areas with existing infrastructure. Generally, state policy for these areas is to promote infill development where the infrastructure to support it exists. Considering the low-density zoning of the area, OPM believes a change from Rural to Neighborhood Conservation would not be appropriate for this area.
